Section 2

Choose your investments

You can choose to invest in one or more of our Pre-mixed or Asset class investment options.

Complete **column A** to change how your **current account balance** is invested.

Complete **column B** to change how your **future transactions** will be invested and withdrawn from.

- For super accounts, this will change how contributions and transfers into your account are invested.
- For retirement income accounts, this will change which option your income payments are paid from.
- For all accounts, this will change how your fees and withdrawals are paid.

If you leave future transactions blank, we'll make it the same as your current account balance choice.

Investment option	(A) Current account balance	(B) Future transactions

We also offer a Direct Investment option (DIO). This is only available in some types of accounts via **Member Online** at caresuper.com.au/login, and eligibility criteria and additional costs apply. Before investing in the DIO, you should read all the information about the option and consider obtaining financial advice. Find out more at caresuper.com.au/dio.

Section 3

Member declaration

By signing this form I'm making the following statements:

- I understand that CareSuper will generally update my investment strategy within three business days of receiving my completed request
- I've received, read and understood information about the investment options available to me, including investment objectives and risks associated with each strategy. I understand the range of directions I can give, the circumstances in which they can be changed, and a default option will apply if I don't make an investment choice
- I've read and understood the guides available at caresuper.com.au/pds and I don't require any further information
- I consent to the use of my personal information as outlined in CareSuper's *Privacy policy* available at caresuper.com.au/privacy-policy or by calling us on **1800 005 166**
- I understand that if I run out of funds in the investment options I've selected for my **future transactions**, my withdrawals, fees and insurance costs (if applicable) will be paid proportionately from my options in my **current account balance**
