Give this form to your employer. You don't have to give it to us. Once your employer receives this form they should start paying your super contributions into CareSuper within the next two months.

Keep in mind, your employer only has to accept one Choice form from you every 12 months.

2. Employer to complete

Your employee has chosen to have their super paid into CareSuper. This means you must begin making super contributions into your employee's CareSuper account within two months if:
