providing your tax file number

Giving CareSuper your tax file number (TFN) is optional – but there are benefits if you do.

To supply your TFN, please complete this form in BLOCK letters and use a blue or black pen.

This TFN notification will not be valid unless you date and sign it.

Did you know?

You can provide your TFN to CareSuper via MemberOnline by updating your details in the 'Personal details' tab.

3. How CareSuper uses your TFN

Under the Superannuation Industry (Supervision) Act 1993, your superannuation fund is authorised to collect, use and disclose your tax file number (TFN).

If your super is being transferred to another super provider, we may disclose your TFN to them unless you request in writing that it not be disclosed.

Providing your TFN is not compulsory, and it is not an offence not to provide your TFN. However, giving us your TFN will have the following advantages:

- We will be able to accept all permitted types of contributions to your account/s
- Other than the tax that may ordinarily apply, you will not pay more tax than you need to. This affects both contributions to your super account, and any payments you receive when you start withdrawing from your super account
- It will be much easier to find any other super accounts in your name, so that you keep track of your super, and receive all your super benefits when you retire.

You must sign and date this form.

4. Your signature

You can access CareSuper's Privacy Policy at **caresuper.com.au/privacypolicy** or call **1300 360 149** to request a copy.
