Super that’s working now so you can enjoy the future.

Product Disclosure Statement (PDS)
30 MARCH 2019
CareSuper is an award-winning industry super fund driven by a strong commitment to help you achieve your retirement goals. We manage around $15 billion in assets for over 245,000 members Australia-wide (as at 31 December 2018).

**WORKING ONLY FOR YOU, NOT OTHERS**
As an industry fund we’re not trying to make money for shareholders — just your future.

**WE ACCEPT EMPLOYER CONTRIBUTIONS**
We’re a MySuper authorised fund. We can accept super contributions for people who have not chosen a super product. These are invested in our Balanced investment option (a MySuper product). The product dashboard for our MySuper Balanced option is available at [caresuper.com.au/mysuper](http://caresuper.com.au/mysuper).

We offer 13 different investment options, including the Balanced (MySuper) option. This variety lets you mix and match your investments to suit your goals.

You can find important information about us, including Trustee and executive remuneration, our Trust Deed and Annual report and any documents prescribed by law, at [caresuper.com.au/aboutus](http://caresuper.com.au/aboutus).

**THIS PDS IS FOR OUR EMPLOYEE PLAN AND PERSONAL PLAN**

**Employee Plan members**
Your employer pays your super contributions when you join.

**Personal Plan members**
You pay your own super contributions when you join.

If your employer has a corporate insurance arrangement with CareSuper, the Corporate Insurance PDS is available at [caresuper.com.au](http://caresuper.com.au).
2. How super works

Super is designed to help you save for your retirement. Super is compulsory for eligible working Australians. Here’s how it works:

<table>
<thead>
<tr>
<th>MONEY IN</th>
<th>MONEY OUT</th>
<th>INVESTMENT EARNINGS</th>
<th>YOUR SUPER ACCOUNT BALANCE</th>
</tr>
</thead>
</table>
| • Employer contributions  
• Your contributions (if any)  
• Co-contributions (if eligible)  
• Super you roll-in (if any)  | • Fees and costs  
• Tax (if any)  
• Insurance premiums (if applicable)  | Your money buys units in the default MySuper option or your chosen investment option(s). Earnings depend on the performance of option(s) you are invested in and can be positive or negative.  | |

**EMPLOYER CONTRIBUTIONS ARE COMPULSORY**

Generally your employer is required by law to make superannuation guarantee (SG) contributions of 9.5% of your ordinary time earnings into your super account.

**IT’S (ALMOST ALWAYS) YOUR CHOICE WHERE EMPLOYER CONTRIBUTIONS GO**

Most people have the right to choose the super fund their employer pays their SG contributions into. If you don’t make a choice, contributions will go into your employer’s default super fund.

Organising to have your employer contribute to CareSuper is simple. Download our Choice form from caresuper.com.au/forms and hand it to your employer. Or ask them for a Choice form and complete it with your details and our ABN 98 172 275 725 and USI CAR0100AU. If you need any help, get in touch.

**COMBINE YOUR SUPER**

Opening up a CareSuper account is the perfect time to think about consolidating all of your super into one account.

One account means one set of fees. Before consolidating, it’s important to consider if this is the right choice for you. Will you be charged an exit fee or any other fees and how will it affect any insurance cover or other benefits you may have? It’s easy to combine your super online via the Find my super section on MemberOnline or you can call us on 1300 360 149 and we’ll arrange it for you.

**UNDERSTAND DIFFERENT TYPES OF SUPER CONTRIBUTIONS YOU CAN MAKE**

Employer contributions alone may not give you the lifestyle you want when you retire or reduce paid work. Good thing you have choices when it comes to contributing yourself. Many of the options offer tax benefits to encourage super savings.

- **Salary sacrifice**  
  You and your employer arrange for part of your before-tax salary to be paid directly into your super.

- **Personal contributions**  
  You can make contributions to super from your take-home pay, after tax has been taken out.
• **Government co-contribution**
  You may be eligible for a free government co-contribution. You need to meet certain criteria and ensure we have your tax file number.

• **Spouse contributions**
  You can make contributions to your spouse’s account. You may be able to claim a tax offset for spouse contributions depending on your spouse’s income.

• **Downsizing contributions**
  Eligible homeowners aged 65 years and over who sell their main residence may be able to make a downsizer contribution of up to $300,000.

The government places a limit on the amount that can be contributed to super before higher tax and penalties apply. Visit [ato.gov.au](http://ato.gov.au) for more on different contribution types, eligibility and contribution caps.

**MAKE CONTRIBUTION LIMITS AND TAX SAVINGS PART OF YOUR STRATEGY**

Section 7, ‘How super is taxed’, sets out the tax benefits available as well as the government’s contribution limits on the amount you can contribute to super without incurring additional tax. Making these part of your contribution strategy means you can contribute and benefit from generous tax breaks.

**WHEN AND HOW YOU CAN GAIN ACCESS TO YOUR SUPER**

You may gain access to your super once you reach what’s called your ‘preservation age’, which ranges from 55 to 60 depending on what year you were born.

<table>
<thead>
<tr>
<th>Date of birth</th>
<th>Preservation age</th>
</tr>
</thead>
<tbody>
<tr>
<td>Before 1 July 1960</td>
<td>55</td>
</tr>
<tr>
<td>1 July 1960 – 30 June 1961</td>
<td>56</td>
</tr>
<tr>
<td>1 July 1961 – 30 June 1962</td>
<td>57</td>
</tr>
<tr>
<td>1 July 1962 – 30 June 1963</td>
<td>58</td>
</tr>
<tr>
<td>1 July 1963 – 30 June 1964</td>
<td>59</td>
</tr>
<tr>
<td>After 30 June 1964</td>
<td>60</td>
</tr>
</tbody>
</table>

Once you’ve reached your preservation age and met a condition of release, how you access your money is up to you. You can:

• Stop work for good and set up an income stream (or take out some of, or the full amount, as a lump sum).
• Continue to work and set up a transition to retirement strategy, allowing you to access some of your super while you keep working.

Once you turn 65 you have unlimited access to your super even if you haven’t retired. There are a few situations where you are allowed early access to your super, such as permanent incapacity, compassionate grounds or severe financial hardship.

**SITUATIONS WHEN SUPER MONEY MAY BE TRANSFERRED**

There are specific situations where super money may be transferred to an eligible rollover fund (ERF) or must be paid to the Australian Taxation Office (ATO). Different fees, costs and investments will apply in the ERF. You can also rollover or transfer your benefit to another super fund. If you would like to transfer all or part of your super benefit please call us on 1300 360 149 for assistance.

**FIRST HOME SUPER SAVER SCHEME**

Eligible first home buyers can use super savings to help reach their deposit goals. Individuals can make up to $15,000 in personal contributions per year into their account, of which singles can access up to a maximum of $30,000. Couples can access up to $60,000 in total. When you’ve found your first home, you can apply to withdraw your savings. Eligibility conditions apply. Find out how it works at [ato.gov.au](http://ato.gov.au).

You should read the important information about how super works before making a decision. Go to [caresuper.com.au/pds](http://caresuper.com.au/pds) and read Accessing your super. The material relating to how super works may change between the time when you read this PDS and the day you acquire the product.
3. Benefits of investing with CareSuper

Discover why over 245,000 members choose to stay with CareSuper.

✔️ A BIGGER NET BENEFIT

We believe in a simple but powerful equation:

Competitive fees + smart, proactive investing = a bigger net benefit

Compare our Balanced option with other super funds to make sure you’re getting the best deal. Find details at caresuper.com.au/compare.

✔️ COMPETITIVE FEES

We’re not trying to make money for shareholders. Instead we work hard to deliver the best value to members. The fees we charge go towards covering our costs, and we’re always seeking ways we can improve.

✔️ CONSISTENTLY STRONG INVESTMENT RETURNS

Our Balanced option has been the best performing of all surveyed super funds over the past 20 years to 31 December 2018. Our average return of 7.89% p.a. for this period is well above the industry median return of 6.90% p.a.* Find out more about our returns at caresuper.com.au/investmentreturns.

*SuperRatings Fund Crediting Rate Survey SR50 Balanced (60-76) Index, December 2018.

✔️ THE RIGHT ADVICE PUTS YOU IN CHARGE

As a member, you can access phone and digital advice about your super at no extra cost. And if you need hands-on help beyond super, we’re ready to tackle that too. Explore your financial advice choices at caresuper.com.au/advice or by calling 1300 360 149.

Grow your super while working

We offer you ways to save and invest for the future:
- CareSuper Employee Plan
- CareSuper Personal Plan
This PDS describes these products.

Find the right income solution for when you wind down or finish paid work

We offer you choices for converting super into a regular income:
- CareSuper Pension
- CareSuper Transition to Retirement Pension
- CareSuper Guaranteed Income product
Find out more at caresuper.com.au/retirement or call us on 1300 360 149.

4. Risks of super

Like any investment, super has risks. How much these risks affect your super depends on the investment option or options you choose and the mix of assets they are invested in. Different investment options carry different levels of risk, which is determined by the assets the option invests in. By risk we mean your investment could fall in value or fall short of its target investment return. By assets we mean investments like shares, property, fixed interest and cash.

Each kind of asset has a different level of risk and potential for returns. Growth assets such as shares and property tend to perform better over the long run but tend to have a higher level of short-term risk. On the other hand, defensive assets such as cash and fixed interest tend to be more steady and stable, but the returns are usually lower over time.

Investment returns are not guaranteed. The options you are invested in will change in value and may rise or fall at different times. Future returns may differ from past returns. There is a risk you may lose money, or that the cost of living increases faster than your super grows, which means that your super may not provide adequately for you when you stop paid work, or superannuation and tax laws may change. There is also a risk that some investments may not be able to be turned quickly into cash, which could result in a loss of capital.

Everyone has a different attitude towards risk and return. Key considerations are your age, how long you are investing for, how comfortable you are taking on risk and how much money you have invested both in and outside of super. These are important factors to weigh up when deciding how to invest your super.
5. How we invest your money

No two CareSuper members are the same. We offer 13 different investment options, so you can choose an investment strategy to suit your own personal goals.

You can invest all your super in just one option or split your account over different options. This gives you the flexibility to mix and match any of our Managed and Asset class options and/or invest part of your super directly through our Direct Investment option.

OUR MANAGED OPTIONS INVEST IN A PRE-MIXED COMBINATION OF ASSETS

- Capital Guaranteed
- Capital Stable
- Conservative Balanced
- Balanced (MySuper)
- Sustainable Balanced
- Alternative Growth
- Growth

OUR ASSET CLASS OPTIONS INVEST IN SINGLE ASSET CLASSES

- Capital Secure
- Fixed Interest
- Direct Property
- Australian Shares
- Overseas Shares

OUR DIRECT INVESTMENT OPTION LETS YOU TAILOR YOUR PORTFOLIO

The Direct Investment option (DIO) lets you tailor your portfolio by combining a range of S&P/ASX 300 Australian shares and a selection of exchange traded funds (ETFs), listed investment companies (LICs) and term deposits with other CareSuper options.

THE BALANCED (MYSUPER) OPTION APPLIES IF YOU DON’T MAKE A CHOICE

If you don’t make an investment choice, your super is automatically invested in our Balanced option (our MySuper option).

It’s made to suit most members and may be a good choice if you’d rather leave investing your super to our team of in-house investment experts and specialist fund managers.

YOU HAVE THE FLEXIBILITY TO SWITCH INVESTMENT OPTIONS

It’s easy to change your investment choice. You can switch investment options and change:

- How your current account balance is invested and/or
- How your future contributions and rollovers are invested.

You can make an investment switch:

- Through the Investments section on MemberOnline at caresuper.com.au
- By calling CareSuper on 1300 360 149.

Online switch requests received before midnight and over the phone switch requests completed before 8pm each business day will usually be processed effective the following business day. A business day is generally considered to be Monday to Friday and excludes national public holidays.

Different processing arrangements and timeframes may apply to investment transactions made within the DIO.

You can switch investment options daily. However, buy-sell spreads (set out in ‘Fees and Costs’ on page 8) apply to switches for some options.

ACCESS EXPERT HELP AT NO EXTRA COST

Choosing how to invest or switch between options isn’t something you do every day. Expert help weighing up your investment options is available over the phone at no extra cost, as part of your membership.

⚠️ Before making an investment choice, you should consider the potential investment return, level of risk and investment timeframe associated with that investment option.
UNDERSTAND THE INVESTMENT DETAILS OF THE BALANCED OPTION

OVERVIEW
The Balanced (MySuper) option invests in a diversified mix of assets with an emphasis on Australian and overseas shares, property and alternatives. It’s designed to achieve relatively high returns in the medium to long term but is subject to short-term fluctuations in returns. Your money will go into this option if you don’t make an investment choice.

WHY YOU’D INVEST
Invest in this option if you are seeking returns above the rate of inflation over the long term.

INVESTMENT OBJECTIVE
To achieve returns after tax and fees that exceed inflation (as measured by the CPI) by at least 3% per year, over rolling 10-year periods.
To ensure as far as possible that the investment return members receive each year is competitive with comparable options in other super funds.

MINIMUM INVESTMENT TIMEFRAME 5+ years

If we add, close or remove an investment option we will notify you prior. However, we can make changes to the investment strategy of our investment options without your consent and we may not notify you prior to these being made. Visit caresuper.com.au for up-to-date information.

*Alternatives’ describes a range of different investments. More information about this asset class is provided in the Investment Guide.

^Refer to the Investment Guide for information about these risk measures.

You should read the important information about how we invest your money (including our other investment options) before making a decision. Go to caresuper.com.au/pds and read the Investment Guide. You should also read the important information about our Responsible Investing Policy at caresuper.com.au/responsibleinvestingpolicy. The material relating to how we invest your money may change between the time when you read this PDS and the day you acquire the product.
6. Fees and costs

**DID YOU KNOW?**
Small differences in both investment performance and fees and costs can have a substantial impact on your long-term returns. For example, total annual fees and costs of 2% of your fund balance rather than 1% could reduce your final return by up to 20% over a 30 year period (for example, reduce it from $100,000 to $80,000).

You should consider whether features such as superior investment performance or the provision of better member services justify the higher fees and costs. You or your employer, as applicable, may be able to negotiate to pay lower fees.* Ask your fund or financial advisor.

**TO FIND OUT MORE**
If you would like to find out more, or see the impact of the fees based on your own circumstances, the Australian Securities and Investments Commission (ASIC) website at [moneysmart.gov.au](http://moneysmart.gov.au) has a superannuation fee calculator to help you check out different fee options.

* CareSuper’s fees are not negotiable

**UNDERSTAND FEES AND COSTS FOR CARESUPER’S BALANCED (MYSUPER) OPTION**
The fees shown below are for the Balanced (MySuper) option. You can use this table to compare costs between CareSuper and other super products.

<table>
<thead>
<tr>
<th>Type of fee</th>
<th>Amount</th>
<th>How and when paid</th>
</tr>
</thead>
<tbody>
<tr>
<td>Investment fee</td>
<td>0.22% of the option’s assets</td>
<td>Not deducted from your account. Deducted from the fund’s assets and are reflected in the daily unit prices of the Balanced option.</td>
</tr>
<tr>
<td>Administration fee</td>
<td>$78 per year Plus 0.19% of your account balance per year up to a $500 annual limit</td>
<td>Calculated and paid directly from your account monthly or on withdrawal. Calculated and paid directly from your account monthly or on withdrawal.</td>
</tr>
<tr>
<td>Buy-sell spread</td>
<td>Buy 0.05% Sell 0.05%</td>
<td>Applies when you contribute to, or withdraw from, the Balanced investment option and is reflected in the daily unit prices.</td>
</tr>
<tr>
<td>Switching fee</td>
<td>$0</td>
<td>Not applicable.</td>
</tr>
<tr>
<td>Exit fee</td>
<td>$0</td>
<td>Not applicable. We stopped charging exit fees from 30 March 2019.</td>
</tr>
<tr>
<td>Advice fees relating to all members investing in a particular MySuper product or investment option</td>
<td>$0</td>
<td>Not applicable. The administration fee above includes the cost for any general advice and/or limited advice you receive. You also have the option of requesting that fees for personal advice relating to super be deducted directly from your account.</td>
</tr>
<tr>
<td>Other fees and costs</td>
<td>Various</td>
<td>Deducted from your account where applicable.</td>
</tr>
<tr>
<td>Indirect cost ratio (ICR)</td>
<td>0.64% per year</td>
<td>Not deducted from your account. Deducted from investment returns received from, or assets of, underlying investment vehicles and reflected in the daily unit prices of the Balanced option.</td>
</tr>
</tbody>
</table>
This table gives an example of how the fees and costs for CareSuper’s Balanced (MySuper) product can affect your superannuation investment over a one-year period. You should use this table to compare this product with other super products. Be careful to make comparisons on the same basis.

**CareSuper’s Balanced (MySuper) Balance of $50,000**

<table>
<thead>
<tr>
<th>Description</th>
<th>Cost Details</th>
</tr>
</thead>
<tbody>
<tr>
<td>Investment fees</td>
<td>0.22% For every $50,000 you have in CareSuper’s Balanced (MySuper) you will be charged $110 each year</td>
</tr>
<tr>
<td><strong>PLUS</strong> Administration fees</td>
<td>0.19% + $78 And, you will be charged $95 in administration fees each year (based on a percentage of assets), plus $78 in administration fees regardless of your account balance</td>
</tr>
<tr>
<td><strong>PLUS</strong> Indirect costs for the superannuation product</td>
<td>0.64% And, indirect costs of $320 each year will be deducted from your investment</td>
</tr>
<tr>
<td><strong>EQUALS</strong> Cost of product</td>
<td>If your balance was $50,000, then for that year you will be charged fees of <strong>$603</strong> for Balanced (MySuper).</td>
</tr>
</tbody>
</table>

Additional fees may apply. If you leave CareSuper you will be charged a sell spread of 0.05% of your total account balance. This sell spread will equal $25 for every $50,000 you withdraw. A sell spread may apply when money is withdrawn from your account or you make an investment switch. A buy spread may apply when you make a contribution, transfer money into your account or make an investment switch.

**YOU WILL BE NOTIFIED OF FEE CHANGES**

CareSuper can change the fees we charge. You will be given at least 30 days notice before any fee increase is implemented. Estimated fees and costs such as the investment fee and indirect cost ratio can vary from year to year depending on what actual fees and costs are incurred by CareSuper, either directly or in relation to investments.

---

1 The investment fee and indirect cost ratio are estimates only based on the costs for the 2017/18 financial year and are subject to change. These fees will be different for each of the investment options. The actual fees will be determined at the end of the financial year and will be published at caresuper.com.au and shown on your annual statement.
2 This fee is calculated based on the number of days in the year ($78 per year ÷ 365 x number of calendar days in the month) pro rata each month (e.g. January = 31 days).
3 The percentage-based administration fee is an estimate only based on administration costs for the 2017/18 financial year.
4 Buy-sell spreads are reviewed at least once every two years and are subject to change.
5 Other fees and costs, such as activity fees, advice fees for personal advice or insurance fees, may apply. Refer to ‘Additional explanation of fees and costs’ in What it costs to be a CareSuper member at caresuper.com.au/pds.
### 7. How super is taxed

#### TAX ON CONTRIBUTIONS

Super is generally taxed at lower rates compared to income or other investments. That’s because the government wants to provide an incentive for people to save for when they retire.

The summary of the current tax rules on page 11 is based on us having your tax file number. Tax rules are complex and change frequently. You should always check for updated information available at [ato.gov.au](http://ato.gov.au).

#### TAX ON INVESTMENT EARNINGS

#### TAX ON WITHDRAWALS

#### Contribution cap

**Concessional contributions**

- **Taxed at 15% on amount up to $25,000 a year, if you earn between $37,000 and $250,000 per year**

  - Employer contributions: Any contributions your employer makes, including 9.5% SG contributions.
  - Salary sacrifice: Any contributions you make that are deducted from your pre-tax salary and paid into super by your employer.
  - Personal after-tax contributions: Personal contributions you make are treated as concessional if you claim a tax deduction for them.

**A limit of $25,000 per year applies to your combined total concessional contributions.** Starting 1 July 2018, you may carry forward any unused amounts in your concessional contributions caps if you have less than $500,000 in super at the end of the financial year. Unused amounts carried forward expire after five years. The first year in which you can use any carried forward contribution cap amounts is financial year 2019/20. More information is available at [ato.gov.au](http://ato.gov.au).

---

![Image of a piggy bank](image1.png) **When money goes in**

![Image of a graph](image2.png) **While your super is invested**

![Image of a wallet](image3.png) **Withdrawal before age 60**
If your income exceeds $250,000 p.a. you will pay an additional tax of 15% (total of 30%) on concessional contributions over the cap threshold. If your taxable income is under $37,000 p.a. you may receive a 15% tax offset on your concessional contributions, up to a cap of $500 per year.

<table>
<thead>
<tr>
<th>Non-concessional contributions</th>
<th>Personal after-tax contributions</th>
<th>Spouse contributions</th>
</tr>
</thead>
<tbody>
<tr>
<td><strong>No tax on amount up to $100,000 per year</strong></td>
<td>Contributions you make from after-tax salary.</td>
<td>Where you contribute for your partner.</td>
</tr>
<tr>
<td><strong>Contribution cap</strong></td>
<td>A limit of $100,000 per year applies to non-concessional contributions. If you are under 65 you may contribute up to $300,000 in any three year period.</td>
<td></td>
</tr>
</tbody>
</table>

**TAX ON INVESTMENT EARNINGS**

Investment earnings are taxed at up to 15%. Investment earnings are applied to your super account after tax has been deducted. Special tax rules apply to earnings from investments via the Direct Investment option. These are set out in the Investment Guide available at caresuper.com.au/investmentguide.

**TAX ON WITHDRAWALS**

After you turn 60 and meet a condition of release, you can withdraw your super without paying any additional tax.

If you make a withdrawal from your super before you turn 60, the amount of tax you pay depends on factors such as your age, your employment status, the size and type of benefit, and the taxable components. Death benefits paid to financial dependents and eligible terminal illness benefits are usually tax free. Insured disablement benefits may be subject to tax.

**PROVIDING YOUR TAX FILE NUMBER IS KEY TO KEEPING YOUR TAX BILL DOWN**

The best time to give us your tax file number (TFN) is when you join. If we don’t hold your TFN, you can provide it at any time. CareSuper is authorised to collect your TFN but you are not obliged to provide it. You can provide your TFN online via MemberOnline, or by calling 1300 360 149. Without your TFN you will pay more tax on your concessional contributions and we can’t accept non-concessional contributions from you.
8. Insurance in your super

This is a summary of our insurance cover. More details about eligibility for cover, how much it costs, cancelling and changing cover, the level and types of cover, when cover starts and ends, exclusions, restrictions and other important terms and conditions that may affect your entitlement to insurance are outlined in the Insurance Guide.

CareSuper provides access to three types of insurance cover to protect you and your loved ones against the unexpected (eligibility conditions apply).

1. Death cover
   Provides a benefit payment to your beneficiaries if you pass away. Alternatively, you may be eligible for a benefit payment if you have a terminal illness, subject to satisfying the insurance policy definition.

2. Total and permanent disablement (TPD) cover
   Provides you with a benefit payment if you’re unable to work again because of serious illness or injury and satisfy the insurance policy definition.

3. Income protection cover
   Provides you with a temporary income if you are medically unable to work and need time off work because of serious illness or injury.

WHEN INSURANCE COVER IS AUTOMATIC AND WHEN IT’S NOT

Your membership type determines whether or not you receive death and TPD cover automatically (subject to eligibility):

<table>
<thead>
<tr>
<th>Membership Type</th>
<th>Death cover</th>
<th>TPD cover</th>
<th>Income Protection</th>
</tr>
</thead>
<tbody>
<tr>
<td>Employee Plan</td>
<td>✔</td>
<td>✔</td>
<td>✗</td>
</tr>
<tr>
<td>Personal Plan</td>
<td>✗</td>
<td>✗</td>
<td>✗</td>
</tr>
</tbody>
</table>

Where cover is not automatic, you need to apply for it. Cover is subject to the approval of the insurer, MetLife Insurance Limited ABN 75 004 274 882, AFSL No 238 096.

DISCOVER WHAT EMPLOYEE PLAN MEMBERS ACCESS

Standard cover is generally provided to eligible Employee Plan members when they join, without the need for medical evidence. Conditions apply — see exclusions and restrictions on page 14. Standard cover provides set units of insurance cover depending on your age. The cost of this insurance (insurance premiums) is paid directly from your super account.

CareSuper’s automatic insurance cover for Employee Plan members

<table>
<thead>
<tr>
<th>Age</th>
<th>Type of cover</th>
<th>Cost per week</th>
</tr>
</thead>
<tbody>
<tr>
<td>15-29</td>
<td>1 unit of death / 4 units of TPD</td>
<td>$5.14</td>
</tr>
<tr>
<td>30-64</td>
<td>4 units of death / 4 units of TPD</td>
<td>$8.20</td>
</tr>
<tr>
<td>65-69</td>
<td>4 units of death only</td>
<td>$4.08</td>
</tr>
</tbody>
</table>

The cost of each unit stays the same each year but the amount of cover per unit decreases on each birthday after age 30. Where you hold death cover that is less than 4 units it will automatically increase to 4 units when you turn 30.

WHAT YOU DO FOR A LIVING DETERMINES YOUR OCCUPATIONAL CATEGORY

CareSuper has three occupational categories: General, Office and Professional. When you join you automatically go into the General occupational category. If you’re an office worker or professional you can apply to change your category. This means you’ll pay less for cover if you have fixed cover or income protection or receive more for the same price (eligibility criteria apply).
WORKING OUT HOW MUCH YOU’RE COVERED FOR

Examples of standard insurance cover for Employee Plan members in the General category

<table>
<thead>
<tr>
<th>Age</th>
<th>Type of cover</th>
<th>Dollar amount of cover</th>
</tr>
</thead>
<tbody>
<tr>
<td>25</td>
<td>1 unit of death / 4 units of TPD</td>
<td>$100,280 death / $401,120 TPD</td>
</tr>
<tr>
<td>40</td>
<td>4 units of death / 4 units of TPD</td>
<td>$292,400 death / $292,400 TPD</td>
</tr>
<tr>
<td>65-69</td>
<td>4 units of death</td>
<td>$33,360 death only.</td>
</tr>
</tbody>
</table>

The tables in our Insurance Guide detail standard cover by age for each of the occupation categories (General, Office and Professional).

WHAT COVER COSTS

<table>
<thead>
<tr>
<th>What standard cover costs... and how that breaks down</th>
</tr>
</thead>
<tbody>
<tr>
<td>Age</td>
</tr>
<tr>
<td>-----</td>
</tr>
<tr>
<td>Standard cover</td>
</tr>
<tr>

</tr>
<tr>
<td>30-64</td>
</tr>
<tr>
<td>65-69</td>
</tr>
</tbody>
</table>

For standard units of cover the insurance premiums are the same regardless of your occupation category.

COVER IS FLEXIBLE SO YOU CAN INCREASE, DECREASE, FIX OR CANCEL IT

You have plenty of choice around the types and amount of insurance available with us. This lets you tailor your cover to match your needs.

Special New Member Options

As a new Employee Plan member, you’ll receive a welcome offer. You can apply for up to seven times your annual income (to a maximum of $750,000) and/or add income protection cover. You’ll need to answer a few simple health questions – much easier than going through a full assessment process later. It’s open for 90 days from the date on your welcome letter or email.

If you apply to increase your cover later, it’s likely you will need to provide detailed evidence of health and your application may be subject to premium loadings and/or exclusions. Cover through these New Member Options are subject to approval by our insurer.

Applying for/ increasing cover and/or adding income protection later on

You can apply to increase your death and TPD cover or add income protection cover at any time. If it’s after the New Member Options have run out or more than what they provide or if you are a Personal Plan member, you’ll need to complete a more detailed application form. You will be required to provide detailed evidence of health and your application may be subject to premium loadings and/or exclusions or rejected.

Fixing your cover

You can choose to fix your death and/or TPD cover, so the amount of cover stays at a fixed dollar amount or it can be indexed by 5% on 1 July each year. The cost of cover will generally go up each birthday. The premiums for fixed cover are set out in the Insurance Guide at caresuper.com.au/pds.

Decreasing cover*

You can reduce your level of cover or remove either death or TPD cover at any time by calling 1300 360 149 or go to the Insurance cover section on MemberOnline.

Cancelling cover*

You can cancel your cover, opt out of death cover or opt out of TPD cover by calling 1300 360 149 or go to the Insurance cover section on MemberOnline.

*If you decrease or cancel your insurance and later change your mind, you will need to apply for cover and provide evidence of health. Cover is subject to insurer approval.

⚠️ Unless you cancel standard cover, the cost of it will continue coming out of your account.
WHEN COVER STARTS AND WHEN IT STOPS
For eligible Employee Plan members, standard cover starts on whichever date is later:

- The first day of the period that your employer pays the first employer contribution for you (usually the date you commence work with your employer).
- The date your employer becomes a default employer of CareSuper (if this is when CareSuper receives the first employer super contribution for you).
- The date 130 days before we receive your first employer contribution.

If you apply to increase, reduce, fix or opt out of cover or add income protection cover, we will let you know in writing when the changes take effect.

EXCLUSIONS AND RESTRICTIONS
You must be aged at least 15 and under age 70 and meet other eligibility criteria to obtain death cover and at least 15 and under 65 to obtain TPD cover. If you’ve received a TPD insurance payment of any type previously you will only be eligible for death cover with us on joining.

If you have previously been paid a terminal illness benefit or been diagnosed with an illness that reduces your life expectancy to less than 12 months, you are not eligible for either death or TPD cover. If either of the above circumstances apply to you, let us know so we can remove TPD cover or cancel your cover and stop deducting insurance premiums so you don’t pay for cover you can’t claim on.

If you have two or more accounts with CareSuper and make an insurance claim, you can only receive one insurance benefit. That would normally be from your oldest account, unless your newest account pays out a higher benefit. If this is you, let us know so we can streamline your cover and make sure you are not paying for cover that you can’t claim on.

Limited or restricted cover applies if you are not in active employment for all of the first 30 days after your cover commenced. Cover is also limited if your employer does not make a contribution within the first 120 days of you being eligible to join. Limited cover means the insurer will only pay a benefit where the illness or injury arises after cover has started. Refer to the Insurance Guide for details on limited cover.

Active employment means that you are employed to carry out identifiable duties, are performing those duties and, in the insurer’s opinion, are not restricted by sickness or injury from carrying out those duties on a full-time basis (35 hours per week), or the duties of your usual occupation on a full-time basis (even if not working on a full-time basis).

All details, including exclusions, restrictions and definitions, are in our Insurance Guide.

CHANGING OR CANCELLING YOUR COVER
You can apply to do any of the following at any time:

- Increase your cover by adding more units or a fixed cover amount
- Change your unitised death and/or TPD cover to fixed so the amount stays the same (or rises by a set amount) each year
- Apply for income protection cover
- Change your insurance occupational category so it better matches what you do for work, gives you more cover for the same amount if you have unitised death and/or TPD or lets you pay less for the cover you have in other circumstances
- Transfer your cover from another super fund (if you’re under 60)
- Cancel or reduce your cover if it doesn’t suit your needs.

There are some terms and conditions that you’ll need to check up on before making any changes. You’ll find all the details in our Insurance Guide. Give us a call on 1300 360 149 if you need help changing your cover.

You should read the important information about insurance cover through CareSuper before making a decision. Go to caresuper.com.au/pds and read our Insurance Guide. The material relating to insurance in your super may change between the time when you read this PDS and the day you acquire the product.
9. How to open an account

It’s quick and easy to join our award-winning fund as an Employee Plan or Personal Plan member.

WAYS TO JOIN

JOIN ONLINE
caresuper.com.au/join
Once you’ve joined, we’ll get in touch with all your new account details.

ASK YOUR EMPLOYER TO SIGN YOU UP
Employee Plan only.

CALL US IF YOU NEED HELP
1300 360 149

WE OFFER A 14-DAY COOLING OFF PERIOD
There’s a 14-day ‘cooling off period’ during which you can cancel your membership if you change your mind. The cooling off period applies to the Employee Plan, unless your employer signed you up, and to the Personal Plan. This period starts from the earlier of:

- The date on your Welcome letter or email, or
- Five business days after the date your account was established.

New employers also have a cooling off period after joining and enrolling their first employee.

If you cancel your membership we’ll refund your money. The refund you receive will be adjusted to take into account any fees and market movements in investment values during the period between joining and cancelling your membership. You will need to pay any government taxes and charges we have paid on your behalf.

If your refund is money that must by law stay in super, we’ll need to roll it into another super fund for you. If your money isn’t restricted, we’ll be able to pay it to you directly.

WE WANT TO HELP WITH ENQUIRIES AND COMPLAINTS
We’re ready to listen and we’ll address any problems as quickly and fairly as we can.
